"MOTHER" LINDSAY FIRST TRIAL ENDS SUCCEUMBS TO PNEUMONIA

The death of Mrs. Alexander Lindsay better known as "Mother" Lindsay, occurred at her home in Waimea at 11 o'clock last night, being caused from pneumonia. She was attended by her physician, Dr. Sandow, and as many of her children as was possible gathered at her bedside. She was seventy-five years of age.

Mrs. Lindsay was born in Dunsmuir, Scotland, her maiden name being Isabel Bonnar. She was married in Scotland and came to these islands about thirty years ago, with the exception of eight years, she had lived in Molokai.

"Mother" Lindsay's death came as a grievous surprise to her many friends and acquaintances. Though she had been ailing some time previous to her death seeming improvement misled many who had expected her ultimate recovery.

It is not often that a community loses a woman of "Mother" Lindsay's rare character and ability which combined the good Scotch qualities of thrift and energy with stanch loyalty and high moral integrity.

Her large family of girls and boys are a living testimonial to the noble qualities of their parents. A husband, seven children, namely: Mr. Adam Lindsay of Hilo, Andrew B. Lindsay of Honolulu, Mrs. Ernest Flohr of Germany, Mrs. H. P. Faye of Waimea, now in Norway, Honorable Alexander Lindsay Junior, Mrs. John Hogg of Lihue and Mrs. George Ewart of Makaweli and twenty-eight grand children, survive. The body will be embalmed and held until the arrival of her children from Hawaii. The funeral will be held on Friday.

Koloa Labor Is Again Restless

(Special to the Garden Island)
KOLOA, July 10.—For some time we have been informed of the restlessness amongst laborers. In talking with a number of reliable leaders, amongst them, they have stated plainly that they could do better elsewhere. To prove this, they have shown us letters from their friends who have moved to Honolulu and Hilo where ready employment has been found on the new wharves and railroad construction work at much better wages than they now receive.

Another fact which is leading many away are the inducements being held out by Oahu plantations who directly or indirectly are offering better living quarters and cheaper store rates as an inducement.

A large number of men who have left here, now at work on the Oahu plantations are writing their friends that plantation officials will employ all comers.

A rumor which we believe to be authentic—a number of parties all stating the same fact—is that a man who represented himself as a book agent from the coast, was no less than an individual whose aim was to make a study of the labor market here. On visiting a camp he would carefully canvass it, finding out how many laborers there were of all nationalities [except the Asiatics] who would like to have a free trip to the coast—Florida, being the Eureka promised—an eight hour day, on small farms, a dollar per diem, with liberal allowance for overtime, a chance to buy a small farm of your own, etc., being the inducement held out.

Of The Fall Term

The July term of the Circuit Court of the fifth circuit opened yesterday morning. Eight true bills were found by the Grand Jury.

The case of two Filipinos namely: Pedro Mana and Zaccarias Inkala-boose charged with larceny in the second degree was the first called. Hon. W. J. Sheldon was appointed by the court to represent defendants.

The trial occupied three hours, at the end of which, the case went to the jury, who, after a half hour deliberation, returned a verdict of guilty in the case of Pedro Mana, and a dismissal for Mr. Inkala-boose, evidently considering that as fate had consigned him to remain in Kalaboose for the remainder of his life that ought to be ample punishment. He should feel very grateful to his able lawyer, Hon. J. W. Sheldon, for his escape, as it was entirely due to his capable management of the case.

Their arrest was due to an attempt at burglarizing a Japanese store at Koloa.

At 3:30 P. M. the case of Pak Che Gun of Kapaa charged with assault with deadly weapon, and who had been committed from the Lihue court, was brought up, and is, as we go to press, still in progress.

New School To Be Ours Wikipiki

Lihue is soon to become the proud possessor of a new three-roomed school house which has been much needed and will be proportionally welcome. Mr. Cyrus T. Green has the contract and as much of the lumber is already on the ground, building will begin at once. Mr. Green assures the Supervisors that the work will be completed in time for the beginning of the fall term of school, Sept. 18.

At the meeting of the Board of Supervisors last Wednesday Mr. Walter D. McBryde was appointed temporary chairman of the Board of Supervisors during the absence of Mr. Wishard.

It was understood that if enough names could be secured, special messengers would pass the word along by means of the underground railway, to all immigrants to Florida, to get a special steamer at Port Allen on either the 15, 16 or 17th. of September.

M. J. Perreira Appointed Road Luna In
Place Of Onokea—A Complete Jury List

All Hawaii is shocked and saddened over the death of H. P. Baldwin, which occurred Sunday morning at his mountain home in Maui. Although Maui, as his birth place and residence, has perhaps the greatest claim upon Mr. Baldwin, still his business dealings were so much extended over all the islands that he was a well known figure everywhere. He was educated at Punahou and his life interests have always centered in this territory.

Seldom indeed does a man's death cause such a deep sense of loss to the community in general as that of Mr. Baldwin. The many recipients of his kindly ungrudging charity have good reason to feel that they have lost a true friend.

He was a man of unusual attainments, possessing great efficiency, untiring energy and strong moral integrity. His was a life that could bear inspection from all sides.

There was "no blot on the scutcheon" of his public or private life. In his home and among his business colleagues his influence was always of the best and for the best and will continue to be felt through his children of whom he was justly proud.

Mr. Baldwin died surrounded by his loved ones and leaves a widow and seven children, namely H. A. Baldwin Arthur Baldwin, Dr. Wm. Baldwin, Frank Baldwin, Louis Baldwin, Mrs. J. P. Cooke, and Mrs. Harold Rice and hosts of friends to mourn his loss.

M. J. Perreira Is Made Road Luna

WAIMEA, July 1.—M. J. Perreira, a well-known business man and a cane grower of considerable importance, has been named by the Board of Supervisors to succeed Onokea as Road Luna for the district of Waimea.

The successful raiding of a Kapaia gambling joint last Saturday night enriched the County Treasury to the extent of \$265.00 with a possibility of 50 more. The raid was made by Lihue's efficient police officers under the direction of Sheriff Rice.

Mr. and Mrs. Wishard To Travel Abroad

Mrs. Wishard leaves this afternoon for Honolulu, where she will remain for three weeks arranging for her children's schooling and other necessary details. At the end of that time she will be joined by Mr. Wishard and together they will make a tour of the States arranging especially to spend some time in New England. They will return some time in December, to be welcomed by their friends who, while wishing them a delightful time, will miss them exceedingly.

Mrs. Broadbent Charming Entertains In
Honor Of Mrs. J. B. Alexander Who Leaves

Last Friday, Lihue came near being the scene of another frightful murder. It seems that a Porto-Rican who suspected his wife of infidelity, decided to do a little detective business on his own account. He went to work, but returned later to find that his wife was not at home. Confirmed in his suspicions and filled with jealous rage he seized a cane knife and rushed to the house of the Filipino whom he suspected of capturing his wife's affections. His wife and several others were in the room talking to the Filipino who quickly escaped the vengeance in store for him. Then the Porto Rican proceeded to slash up his wife. She was taken to the hospital and her hot-tempered spouse is cooling off in jail awaiting trial.

Yesterday's festivities in the celebration of the Holy Ghost at Hanamaulu were somewhat marred by a slight scuffle.

A young man who has spent some time in the Reform School in Oahu, and who expressed his appreciation of the place, may have an opportunity to return as the result.

An elderly Portuguese, who was slightly under the influence of "Dago Red" made a remark which stirred the anger of the unreformed young man who proceeded to get satisfaction by giving the old man a blow near the eye, causing the blood to flow and making him a pitiful looking object, though the wound is in no degree dangerous.

Hanalei Juniors Are Again Victorious

HANALEI, July 10.—The baseball fever is raging here, the entire populace falling victim to the game. A league has been formed which includes Hanalei, Haena and the Awa Rooters. Beautiful uniforms and complete league outfits are ordered, and when all is in readiness for the start, some new ball experts may develop. The Hanalei ground Sunday was the scene of one of the most enthusiastic games of ball ever seen here. From Kilauea, Wainiha, the mountains—everywhere—the people flocked in to see the game. Willie Werner gave an exhibition of excellent work in the box and the aid he received from field work by Sam, was the source of much praise. The Juniors put the Haenas away with a score of 19 to 5.

Kilauea Ball Team In A Marathon Race

The Kilauea Base Ball Team will have reason to remember their triumph at Lihue for some time to come, owing to the departure of their good luck upon reaching Anahola; for there, the truck broke down and a Marathon Race was a sequence to the ball game. The entire party walked to Kilauea and there the members who lived in Hanalei managed to secure vehicles to convey their weary bodies to their respective homes, where they arrived at about one o'clock in the morning.

1. Territory of Hawaii vs. Jonah Hinne Davis charged with assault with a weapon obviously and eminently dangerous to life. We find no bill.
2. Territory of Hawaii vs. Thomas Onokea charged with embezzlement. We find no bill.
3. Territory of Hawaii vs. Daniel Magale charged with assault with a weapon obviously and eminently dangerous to life. We find no bill.

Having conducted our investigation in the above cases, we thank the Court, the County Attorney, the Sheriff and deputies in performance of their efficient duties thereby making our labor less onerous and pleasant to perform.
